IAAAC is an institution of associations of higher educational institutions of the Russian Federation with the rights of the Certification Department of the World University, established by the United Nations Educational, Scientific and Cultural Organization (UNESCO) and the Ministry of Education of the Russian Federation. MAAAK is registered with the Russian Ministry of Foreign Affairs and is a member of the Chamber of Commerce and Industry of the Russian Federation.

The main objective of the IAAAC is to assist the citizens of Russia and other countries, taking into account the obligations of Russia as a country participating in the Bologna Process, in the implementation of the right to professional certification according to the standards of the countries of the British Commonwealth and the USA, on the basis of ISCED, adopted by UNESCO, with the purpose of increasing the competitiveness of specialists in hiring or promotion, when focusing on international business cooperation or work in foreign organizations, if any other considerations, including prestige considerations.

Specialists of all fields of activity can apply for certification at the IAAAK.

The MAAAK certifies:

- a professional doctorate in a specific field practical activities;
- for the degree of Philosophy Doctor (PhD);
- for the academic title of professor.

A professional doctor's degree is awarded for assessing the practical activities of a specialist, a PhD degree is awarded for evaluating a dissertation and scientific papers.

Honorary doctorates and title of professor are awarded.

Based on the certification results, diplomas in English and Russian are issued at the IAAAC. Diplomas are registered and legalized, in accordance with the international standard, in the Ministry of Justice of the Russian Federation and in the Ministry of Foreign Affairs of the Russian Federation, are recognized abroad.
